

FROM WHERE YOU ARE...

...to where you need to be.

*We can take you there...and
back home, again.*

Safe, reliable transportation is essential for residents in rural communities of all kinds. COAST Transportation's mission is to support rural mobility needs through demand-response ride service. Using either volunteer drivers with their own cars, or paid drivers with accessible company vehicles, COAST will attempt to schedule rides for residents in its service area who call at least 48 hours in advance. In Washington, there is no income or age qualification. In Idaho, only elderly and disabled persons may be transported. (Check with us for exceptions)
